DETAILED ACTION

Allowable Subject Matter

1. Claims 1-23 are allowed.
2. The following is an examiner's statement of reasons for allowance: The cited prior art (U.S. Patent 5,130,821 (Ng)) is not seen to disclose selection of a common boundary pixel boundary using boundary selection criteria that are dependent on the positions of the first and second halftone pixels and independent of the intensity of the corresponding regions in the source image, as argued in applicant's response, at page 14, line 11 – page 15, line 8, and as now recited in base claims 1, 19 and 20. New base claim 21 includes the step of positioning a third halftone dot within a third halftone pixel that is adjacent to the first halftone pixel in the manner set forth in steps (E)(1) and (E)(2), which was indicated in the prior Office action as being allowable subject matter.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
